

# **PARKING NOTICE**

The City of Durham has an ordinance that prevents parking of vehicles in your yard.

If the City Inspector confirms that a car is being parked off the designated parking surface, they will give the owner a 24 hour notice to have it removed and then impose a \$500 fine per day until the vehicle is removed.

Fines are passed along to the tenant who violates the ordinance. Please keep this in mind and park only in areas that are clearly designated for parking.
